

XX73770 Brivo wall mounted door controller

Brivo is the leading innovator of cloud-based physical security solutions for commercial buildings. Currently serving over ten million users, Brivo offers a unified security platform including access control, mobile credentials, mobile administration, video surveillance, identity federation, visitor management, and elevator control.

- Host communication Ethernet 10/100 Mbps or Wi-Fi IEEE 802.11 b/g/n
- For use with Brivo Bluetooth wall readers and cloud-based management software
- Supports up to 2 card readers per controller
- 2 Wiegand Ports or 1 RS-485 Port for 2 OSDP Readers
- Supports Brivo Mobile Pass credentials (mobile phone card access)
- Event history 60,000 events (FIFO) offline from host
- 8 inputs per controller On-board; (2) door position inputs; (2) Request to exit inputs; (4) Auxiliary inputs
- 6 outputs per controller (2) non-latching wet (12V, 350mA) or dry (6A @ 28VDC) selectable door lock relays, plus (4) general purpose dry relays (6A @ 28VDC)
- Power input, Power over Ethernet (PoE+) from network switch or PoE+ injector or 12VDC, 2.5A - power supply (not included)
